Sail away, sail away, sail away...!

DON'T GO OVER BOARD... GET ON BOARD!

The second programme day yesterday shore was swell. Purple Paddleboards, Orange Orcas, Golden Sands, and Ranger Rays spent the day taking to land, 'sea' and sky for a day of adventure.

As well as the ticketed activities, girls and Leaders enjoyed queue and do segways, climbing up and sliding down spider mountain, geo-caching and exploring the Cave Bus at Get On Board.

Leaders have also been getting stuck in with the activities... and we have the evidence to prove it... turn over if you are brave enough!

Guides don't bottle it when it comes to saving the environment!

Thank you to everyone who has sent in their bottle tops from near and far. They were put to good use to create giant art and guides have been finding out about how plastic damages the environment.

Some sub camps today have been out on their Voyage of Discovery in Hastings and Brighton while others are having their chill out day on Coral Reef.
